### ROBOTICS CLUB COMPETITION

The SCES Robotics Club will be traveling to Northern Elementary School near Georgetown, Kentucky, to compete in a robotics competition. Students have spent two days a week for the past two months learning about robotics and building a robotic for this competition. Robotics teaches students how to problem solve and collaborate with others to accomplish a common goal. The Robotics Club has worked very hard. We are very excited and looking forward to this event! Special thanks to Coach Regina Cory and robotics expert, Greg Hess.

When you are desperate to get the robot done before the competition. Kids at the coach's house.
